

Bahrain Energy Efficiency Product Conformity Assessment Program (PCA)

About IMQ GULF

IMQ GULF is a notified body (NB 0067) recognized by the Bahrain Testing and Metrology Directorate (BTMD) to issue Energy efficiency Certificates of Conformity for regulated products and verify compliance with applicable Bahrain's ministerial decree No. 70/2015 (in force since 20 February 2016) technical regulations and standards prior to import or distribution within Bahrain. In line with the PCA, manufacturers, importers, distributors, and traders are required to obtain product certification through a notified conformity assessment body. With extensive expertise in product conformity assessment and certification services, IMQ GULF supports businesses in achieving compliance with Bahrain regulatory requirements for EER certification scheme. Applications for product certification can be submitted through the official Certification Portal on GSO website.

For further information and certification support, please contact IMQ GULF.

Bahrain Testing and Metrology Directorate (BTMD)

REGULATED PRODUCTS UNDER BAHRAIN ENERGY EFFICIENCY SCHEME ministerial decree No. 70/2015 (in force since 20 February 2016)

- Single package of window type Air conditioners
- Split type AC- Ducted and Non-ducted air using air-cooled condensers
- Heat Pumps using air-cooled condensers
